## Title 24, Part 6 Energy Code

### Ace\*Tools™

Step 4: Navigate to the offering you want to add.

In this case, let's add the Reference Ace to your Default Collection.

#### Forms Ace

Find the forms you need with help from the Forms Ace Tool

#### Nonresidential Lighting Wheel

Check if a lighting installation meets Energy Code requirements

#### [Reference Ace](#)

Navigate Title 24, Part 6 documents using an index, keyword search and hyperlinked text

#### Image Ace

Browse images illustrating Title 24, Part 6 concepts and requirements

#### Product Finder

Find Title 24, Part 6 compliant products

View schedules for Title 24, Part 6 changes

#### Navigator Ace

Use this interactive flow-chart to guide you through the compliance process

#### Q&Ace

Find answers to your Energy Code questions in our online knowledge base

#### Virtual Compliance Assistant

Get help filling out the required certificates of compliance (NRCCs) and determining if your nonresidential project complies

### Ace\*Training™

#### Live

A variety of course types delivered online in real-time by an instructor

#### Online Self-Study

Take a self-paced Online Self-Study

#### Recorded

View our selection of recorded training videos

### Ace\*Resources™

#### Application Guides

View and download manuals including compliance requirements and recommendations for implementing the Energy Code for New Construction, Addition and Alteration projects

#### Outreach Materials

See our community outreach materials with reference to the Energy Code

#### Useful Links

Access links to external information and services related to the Energy Code

#### Checklists

Get step-by-step Energy Code compliance guidance for building plans checks and field inspections

#### Submit a Question

Submit your Energy Code questions to receive an email from one of our Aces

#### Fact Sheets

View and download short reference summaries of key requirements, forms, definitions and resources for complying with the Energy Code

#### Trigger Sheets

View and download quick reference tables indicating when specific project scenarios trigger the Energy Code

Step 6: Hover over the Star appearing at the end of Reference Ace.

Notice this is where a list of your Collections will appear.

### Buildings: Reference Ace™ ☆

- My Favorites (Default)
- The Reference Ace documents are Title 24, Part 6 Energy Code and Title 20 Standards documents. Features like "pop-up" definitions of defined terms, key word search capabilities and hyperlinks that allow you to jump directly to related sections make using the Energy Code documents easy.
- 2022 Title 24, Part 6 Energy Code documents are available for download. The Reference Appendices, Residential and Nonresidential Compliance Manuals, and Residential and Nonresidential ACM Reference Manuals will be added in future versions as they become available.
- Version 1.1 of the 2022 Building Energy Efficiency Standards. The Reference Appendices, Residential and Nonresidential Compliance Manuals, and Residential and Nonresidential ACM Reference Manuals will be added in future versions as they become available.
- Browse the 2022 Title 24, Part 6 Energy Code documents (released 3-8-2022)
